

Redacting or Blocking Sensitive Information

Uploaded documents should not contain security sensitive information including social security number, date of birth, age, citizenship status, sex/gender, ethnicity, marital status and applicant photos.

Any security sensitive information on all pages of each uploaded document must be redacted or blocked as demonstrated in the figures below prior to uploading the documents to the application.

Note: Some transcripts include the social security number and date of birth in every term/semester.

Make sure you VIEW your documents before uploading.
