About State College of Florida

Established in 1957, State College of Florida (SCF) is an integral part of the community and a vital resource for students and their families in Manatee, Sarasota and surrounding counties. SCF is the region's first and largest public college, serving 27,000 college credit students annually at campuses in Bradenton, Lakewood Ranch and Venice, and via online classes. Another 14,000 noncredit participants annually attend professional development and personal enrichment classes. SCF also offers a complete college experience that includes athletics, more than 40 student clubs and organizations, honors programs and student-centered academics.

Formerly known as Manatee Junior College/Manatee Community College, SCF has expanded its mission to include workforce baccalaureate degrees while continuing to focus on highly respected associate degrees that prepare graduates for university transfer and professional careers. SCF's flagship programs in health sciences are supported by state-of-the-art technology including patient simulators, electronic medical records, drug recognition system and medication-dispensing devices.

Consistent with the mission to provide quality learning to people of all ages through noncredit continuing education, community services and some credit-related activities, SCF's Corporate and Community Development Division offers year-round noncredit classes in workforce training, small business development, professional development, personal enrichment and driving safety through workshops, seminars, online classes and on-site training programs at area businesses.

Broadening the continuum of education, State College of Florida Collegiate School (SCFCS) opened in the fall of 2010. This tuition-free, sixth- through twelfth-grade public charter school is an innovative model influenced by the Swedish international school, which nurtures motivation and independence and ensures student success while guiding students toward higher education. Every year since its opening, the SCFCS has been graded an "A" school by the Florida Department of Education and the program has been recognized by US News & World Report with a bronze ranking for Best High Schools. SCFCS provides students with the opportunity to graduate simultaneously with a high school diploma and associate college degree.

SCF thrives as a dynamic college under the innovative leadership of Dr. Carol Probstfeld, who has served as SCF's sixth President since 2013. Dr. Probstfeld is leading SCF's efforts to boldly engage student, faculty, staff and community partners to achieve the goals of the college's 2015-2020 strategic plan, developed as a result of multiple surveys, focus groups and feedback sessions held across the community. Strategic priorities include ensuring accessibility to students in all geographic areas of the service region, developing a concierge-style student experience, engaging faculty/program managers/business and community leaders in collaborative curriculum development and establishing SCF's central role in the educational, cultural and workforce development of the service region.

In the first two years of the five-year plan's implementation, noteworthy accomplishments include:

- The acquisition of a 75-acre parcel in Northeast Manatee County (the fastest growing area in the College's service district)
- The addition of signature programs on the Venice Campus
- The implementation of multiple strategic enrollment initiatives
- The creation of a Leadership Development program to mentor employees
- The launch of a comprehensive communications and marketing plan

The College is a member of the Association of Florida Colleges, the Southern Association of Colleges and Schools, the American Association of Community Colleges and the Florida Association of Colleges and Universities.
